This Agreement is made and entered on _____ between Avocet Inspections, LLC and _____ (the "Client"), with respect to the real property identified as _____ (the "Subject Property")

1. **Authorization; Presence of Client; Binding Effect:** Client hereby authorizes and contracts for Avocet Inspections, LLC to perform a limited visual inspection of the Subject Property. The presence of the Client has been requested and encouraged during the inspection. The Client's participation shall be at his own risk for falls, injuries, property damage, etc. This Agreement is binding on Client, Client's spouse, heirs, distributees, guardians, legal representatives, successors and assigns. Client warrants that Client has read this Agreement carefully, that Client understands that Client is bound by all of the terms of this Agreement, and that Client will read the entire Inspection Report when received and will promptly call Avocet Inspections, LLC with any questions they may have.
2. **Scope of Inspection**
 - 2.1 The Scope of this inspection is to examine *visually*, the safely and readily accessible portions of the structural, roofing, plumbing, electrical, heating, central cooling, and permanently attached kitchen appliance systems and components of the Subject Property specified in this Contract for conditions which are adversely affecting their normally intended function or operation within the limits set forth in this Contract and the Home Inspection Report. Only the visible and safely and readily accessible portions of the systems and components specified in the Home Inspection Report shall be inspected. No other systems, items, components or appliances are included in this inspection. The inspection performed by Avocet Inspections, LLC is supplemental to any real estate transfer or Seller's Disclosure Statement and shall not be used as a substitute for such Disclosure Statements.
 - 2.2 The Inspector cannot light pilot lights, activate the main water, gas or electrical controls, energize electrical circuits that are off, or operate any controls other than user controls that are normally operated by building occupants.
 - 2.3 This inspection will be conducted in compliance with the **Standards of Practice** of InterNACHI (Standards of Practice) unless otherwise noted and where conditions permit. This is not an Engineering Inspection. Thus, no engineering tests will be made. Since all home inspections are based upon *visual* observations made on one day during a limited time period, Avocet Inspections, LLC cannot be responsible for any condition affecting any system or component that occurs *subsequent* to the inspection or is *intermittent and not detectable* during the inspection.
 - 2.4 Excluded is any inspection of any systems or items not included in the Home Inspection Report, including but not limited to the following: Any information pertaining to manufacturers' recalls of any component or equipment, swimming pools, saunas, spa, whirlpool, and hot tub systems, electrostatic precipitators or electronic air cleaners or filters, septic systems, private water systems or equipment, wells and well pumps, cisterns, ponds, fountains, water quality or volume, water conditioning systems, elevators, lifts, dumbwaiters, audio and video systems, central vacuum systems, fencing, landscaping, irrigation systems, active and passive solar systems, soils, security systems and wood destroying pests or organisms. Detached garages, pool houses, cottages or other structures are not included in a standard home inspection but will be inspected upon request, in advance, for an additional fee.

6. **Dispute Resolution:** In the event any dispute arises regarding this Contract or the Home Inspection Report, it is agreed that all parties shall attempt, in good faith, to settle such disputes between themselves. STANDARD TERMS AND CONDITIONS OF THE PROPERTY INSPECTION CONTRACT

NOTE: These Standard Terms and Conditions are a part of the Property Inspection Contract and are incorporated by reference in Paragraph 7.

Inaccessibility and Non-Inspection: When inspection of any system or component is limited or is designated as not inspected due to inaccessibility or for any other reason, the Client must understand that conditions affecting the structure, systems or components may be present. Therefore, it is **strongly** recommended that the Client take additional measures to examine these areas or items.

Failure of Client to Sign Property Inspection Contract: Client understands and agrees that if they are not present at the time of the inspection, and therefore do not sign this Agreement, that this Agreement will form a part of the Inspection Report and acceptance of the Inspection Report by Client shall constitute acceptance of all of the terms and conditions of this Agreement.

Re-inspection Right: In the event that the Client has a claim of a breach or failure of warranty, or for negligent inspection of any component or item in the inspection, the Client shall provide the Inspection Company with three (3) working days in which to re-inspect the component or item before the Client repairs or replaces the component or item. This right of re-inspection is to protect the Inspection Company *and* the Client from the business practices of some contractors who base their recommendations to repair or replace components on false or misleading information. If the Client fails to allow the Inspection Company to re-inspect, the Client waives any claim against the Inspection Company with respect to the component or item.

Time Limit for Action: No action, whether in contract or tort, shall be brought against the Inspection Company in arbitration or a court of law beyond the earlier of six months following the date of the Property Inspection Report or 120 days after discovery by Client of the condition which forms the basis of the action. This time period may be shorter than otherwise provided for by law.

Attorneys' Fees and Costs: If a claim is made against the Inspection Company for any alleged error, omission or other act arising out of the performance of this inspection, and if Client is not awarded damages in an amount greater than the highest amount offered in settlement by the Inspection Company, Client agrees to pay all costs, attorneys' fees, arbitrator's fees and legal expenses incurred by the Inspection Company and its employees, agents, inspectors, directors, shareholders, successors and assigns in the defense of the claim.

Liability Limitation: In the event of a breach or failure of the foregoing warranty, or negligent inspection by the Inspection Company (excluding gross negligence or willful misconduct), Client agrees that the liability of the Inspection Company, and of its agents, employees and inspectors, for claims or damages, costs of defense and suit, attorneys' fees, and expenses and payments arising out of or in any way connected with errors or omissions in the inspection or the inspection report shall be limited to liquidated damages in an amount equal to the amount paid for the inspection by the Client. Client and Inspection Company acknowledge the liquidated damages are not intended as a penalty but are intended, (1) to reflect the fact that actual damages may be difficult and impractical to ascertain; (2) to allocate risk among Inspection Company and Client; and (3) to enable Inspection Company to perform the inspection at the stated fee. In the event of the tender by Inspection Company of a refund of the inspection fee, such refund shall be full and final settlement of all present and future claims and causes of action and Inspection Company shall be thereupon generally and fully released.

Third Party Indemnification: The Property Inspection Report is not intended for use by anyone other than the Client. No third party shall have any right arising from this Contract or the Property Inspection Report. In consideration for the furnishing of the Property Inspection Report, the Client agrees to indemnify and hold harmless the Inspection Company, its agents, employees, inspectors, directors, officers, shareholders, successors and assigns, for all costs, expenses, legal fees, awards, settlements, judgements, and any other payments of any kind whatsoever incurred and arising out of a law suit, cross-complaint, countersuit, arbitration, administrative proceeding, or any other legal proceeding brought by any third party who claims that he/she relied on representations made in such Property Inspection Report and was damaged thereby. Client's request that the Inspection Company release copies of the Property Inspection Report shall be at Client's risk with respect to the contents of this paragraph.

Pre-closing Walk-through: Client agrees to personally (or through their designated representative) carry out such Pre-closing Walk-through within 36 hours before closing. Client further agrees that neither the Inspector nor the Company shall be held responsible for costs of correcting alleged defects or repairing/replacing non-functional components, if such conditions could have reasonably been detected by a lay-person in the course of a diligent Pre-closing Walk-through.
